Joined Covenant of Mayors initiative
2024

LEADING ECONOMIC SECTORS IN MENTEŞE

Animal Husbandary

Agriculture

MOBILITY PATTERNS:

Menteşe's mobility patterns show a mix of local and tourist-driven demands within a compact, coastal setting. Private vehicles and minibuses dominate, causing congestion, especially in summer. Limited public transit and narrow streets add to traffic challenges, though pedestrian zones and cycling are being promoted to ease congestion.

Business Models and Financing Schemes:

Financing Sustainability Projects

Menteşe Municipality signed the Covenant of Mayors in 2024 and is preparing its Sustainable Energy and Climate Action Plan (SECAP) to enhance energy efficiency and reduce emissions

Commitment to Sustainable Development and Innovative Solutions

COLLABORATION

- COORDINATING W/ LOCAL STAKEHOLDERS
- COORDINATION W/ INTERNATIONAL PARTNERS
- NATIONAL GOVERNMENT

Menteşe is committed to sustainable development by promoting eco-friendly tourism and enhancing waste management. The town focuses on increasing renewable energy use, particularly solar power, while implementing strategies to protect natural landscapes and water resources. These efforts aim to balance development with conservation, fostering a resilient community for residents and visitors alike.

Menteşe is enhancing sustainability through smart waste management and transportation initiatives. The town has implemented a sensor-based waste collection system to optimize efficiency and boost recycling. Additionally, Bodrum is promoting electric minibuses and cycling to reduce reliance on private vehicles, aiming to improve air quality and create a more sustainable urban environment.

POTENCIAL AREAS

- WASTE MANAGEMENT
- ECO-FRIENDLY TRANSPORTATION

Implementation of Sustainable Projects

Green Space Management (2023)

Waste Collection Project (2022)
