GEOGRAPHIC LOCATION OF YUNUSEMRE

City AREA: 823 square kilometers km

AEGEAN REGION, TOTAL AREA

90.251 square km

LEADING ECONOMIC SECTORS IN YUNUSEMRE

Joined Covenant of Mayors initiative

Animal Husbandary

Agriculture

Industry

MOBILITY PATTERNS:

ENERGY PRODUCTION

MAIN SOURCES OF ENERGY GENERATED

SOLAR POWER

NATURAL GAS

Yunusemre's mobility patterns show a mix of local and tourist-driven demands within a compact, coastal setting. Private vehicles and minibuses dominate, causing congestion, especially in summer. Limited public transit and narrow streets add to traffic challenges, though pedestrian zones and cycling are being promoted to ease congestion.

Key Interesting Factors

Fertile agricultural land

Leading olive oil producers

KEY AREAS FOR COOPERATION

Renewable Energy

Sustainable Agriculture

Business Models and Financing Schemes:

Financing Sustainability Projects

Yunusemre Municipality signed the Covenant of Mayors in and is preparing its Sustainable Energy and Climate Action Plan (SECAP) to enhance energy efficiency and reduce emissions

Commitment to Sustainable Development and Innovative Solutions

COLLABORATION

- COORDINATING W/ LOCAL STAKEHOLDERS
- COORDINATION W/ INTERNATIONAL PARTNERS
- NATIONAL GOVERNMENT

Yunusemre is committed to sustainable development by promoting eco-friendly tourism and enhancing waste management. The town focuses on increasing renewable energy use, particularly solar power, while implementing strategies to protect natural landscapes and water resources. These efforts aim to balance development with conservation, fostering a resilient community for residents and visitors alike.

Yunusemre is enhancing sustainability through smart waste management and transportation initiatives. The town has implemented a sensor-based waste collection system to optimize efficiency and boost recycling. Additionally, Yunusemre is promoting electric minibuses and cycling to reduce reliance on private vehicles, aiming to improve air quality and create a more sustainable urban environment.

POTENCIAL AREAS

- WASTE MANAGEMENT
- ECO-FRIENDLY TRANSPORTATION

Implementation of Sustainable Projects

Solar Panel Project (2024)

Waste Collection Event (2024)
